The launch of Trippas White Group

Renowned restaurant and catering company Trippas White Group has announced its new name and brand identity (*formerly AIH Group*) and launched a new website www.trippaswhitegroup.com.au.

Established in 1990 under the name Trippas White Catering, Trippas White Group was formed after a merge with AIH Group in 2007, forming one of Australia's most significant hospitality organisations.

With roots in the industry spanning four decades, Managing Director Brien Trippas boasts over 40 years' experience and is the current President of Restaurant and Catering Association Australia.

"We started the company [Trippas White Catering] over 20 years ago without a strategic plan, without money and without a business. We did start, however, with plenty of passion and the knowledge of what it takes to run a successful catering and restaurant organisation. We built the foundations of the business on quality and commitment rather than profits – and this in turn drove our solid reputation for providing great food and giving the service for which we have built our reputation," Trippas White Group Managing Director, Brien Trippas said.

Trippas White Group has recently expanded its operations into educational catering, winning the contract for the prestigious private Sydney boys' school The Scots College this year.

"We are constantly evolving and expanding, and looking for new challenges. We are passionate about our role in educating the students at Scots on healthy, nutritious and sustainable eating practices," Mr Trippas said.

Trippas White Group operates eight iconic venues and is one of Australia's leading restaurant and catering organisations. Venues in the Group include:
